MEMORANDUM FOR: Rear Admiral John M. Poindexter, USN
Military Assistant to the Assistant to the
President for National Security Affairs

SUBJECT: IG (Space)

John:

1. I have been chatting with General Stilwell this week, and I also attended a tank session on Tuesday in which the U.S./Soviet Strategic Space Net Assessment was briefed to both the Secretary of Defense and the Chairman, Joint Chiefs of Staff.

2. I agree with Dick Stilwell, and as further emphasized in the tank session, that we need to get on with reconvening the IG (Space) to discuss the National Space Strategy Report. There is a clear role here for the IG (Space) to play, and I fully support General Stilwell's suggestion that you assume the chairmanship of this important effort.
